

# HEALTH PLAN ONE

*An Overview*

**Health Plan One**  
*Affordable Health Plans for the Well Informed*

## About Us

Health Plan One is a web based health insurance brokerage focused on marketing individual/family health insurance, and small business health insurance. By leveraging the internet's ability to disseminate information, offering excellent customer service and allying with local brokers, Health Plan One ("Hpone") will strive to become the leader in the health insurance industry.

## Value Added Services & Products

In addition to our superior service and expertise, we can also provide or offer these services and products to you :

**HR Connect** - We can build and host a benefit summary website for you, at no cost, to improve your ability to efficiently communicate benefit information to your employees.

**Optimized Benefits** - We can enhance your existing benefits package with this valuable discount card, at no cost, for all of your employees.

**Benefits Essentials** - For qualifying accounts, we can provide you with access to an award winning employee benefits & human resources, research & reference center.

**Health Advocate** - Take advantage of our unique relationship, and provide this personal health advisor service to your employees.

**Univers** - Leverage our interactive communication, enrollment and benefit management program to provide the highest quality of benefit service to your employees.

## Strategic Partnership

### Size & Scale With A Client Focus

As part of our mission, we make it a priority to focus our energy and resources directly on the business needs of our clients.

One way we keep that focus is by working with quality partners to achieve our global business goals.

Emerson, Reid & Co. is an employee benefits wholesale firm with the size and scale to promote our interests, and yours, with even the largest carriers.

With over 100 employees and 1 Billion in premiums under management, Emerson Reid provides invaluable industry clout while we stay directly focused on you and your needs.
